"Bass in the lead"

The bass as a solo instrument? We do not hear it often. For our upcoming program "In the Lead" we have the Double bass virtuoso Francesco Savignano invited to perform two rare bass quartets by Hoffmeister. You'll hear that the bass instead of being an accompanying instrument also has another role.

Furthermore, this Combattimento program is full of unknown jewels: Caldara, Legrenzi, Galuppi, Biber and Schmelzer. Of course, Jan Willem de Vriend with his own enthusiastic way will show more about these works and composers.
